Slow Cooker: The Best Cookbook Ever by Diane Phillips

“There are over 400 recipes for you to try or use as inspiration. Warm up with ‘Souper Bowls,’ a great chapter on soups and stews. ‘Party in a Pot’ was the chapter that caught my eye. Diane offers ideas for entertaining with main courses and side dishes.”

Lesley Stowe's Raincoast Crisps

“Lesley Stowe Fine Foods created these little gems—crispy, nutty, and delicious! It’s been a long time since I’ve tasted a cracker so unique. They’re great alone if you need a crunch, but I like to pair them with cheese—I make a meal out of it.”

Cypress Grove Humboldt Fog Goat Cheese

“An American original! This cheese is absolutely wonderful. For a goat milk cheese, it’s an unexpected taste—creamy and mild. I always include a wedge of Humboldt Fog on my cheese trays when entertaining, and it’s typically the first one gone! I like to bring a grande wheel as a hostess gift.”
